9 · What customers should do

- **Arizona, including Phoenix, and the Four Corners:** never drive into flooded washes, dips or low-water crossings; park away from washes and low lots; keep phone alerts on today and again Saturday night through Monday
- **West Texas and Kansas:** turn around at water over the road, even shallow water; check basements, lots and vehicles for flood damage once water goes down
- **Florida Keys and other tide-flooded coasts:** move cars to higher ground before the evening high tide; never drive through saltwater, which damages brakes, wiring and electronics
- **Northern Mariana Islands:** residents of Agrihan, Pagan and Alamagan should stay sheltered until NWS Guam and CNMI officials give the all clear
- **After hail, wind or flood damage:** photograph roofs, siding, windows and vehicles from several angles before cleanup, note the date and time, keep receipts, make only temporary repairs, then call your insurer
