7 · Top Weather Stories (verified)

1) Record river flooding in the Four Corners: NWS says the San Juan River at Farmington, New Mexico set a flood of record; Shiprock crests late this morning (NWS Albuquerque).

2) King tides and coastal flooding: Coastal Flood Warnings from the Jacksonville area to the Upper Keys this weekend and for the San Diego and Orange County coasts from Sunday (NWS).

3) Hurricane Vance: 110 mph, Category 2, offshore of Mexico; weakening from tonight, dangerous surf for southern and southwestern Mexico (NHC).

4) Storm Boelo in the UK: gusts of 60 to 70 mph, possibly 80 mph in exposed parts of Scotland, with an amber wind warning for parts of Scotland through Sunday morning (Met Office).

5) Champi weakens: now a tropical storm heading for the East China Sea and southern Japan (JTWC).

8 · What customers should do

- **Along the San Juan, Animas and La Plata rivers:** stay out of floodwater (officials say it carries sewage), never drive into a flooded road or past barricades, and return home only when local officials say it is safe
- **New Mexico and far West Texas this afternoon:** park cars in a garage or covered lot by early afternoon; if a warning is issued, go inside, away from windows
- **Florida east coast and the Keys:** move vehicles to higher ground before high tide; avoid driving through saltwater; secure items near docks and seawalls
- **After hail, wind or flood damage:** photograph roofs, siding, windows and vehicles from several angles before cleanup, note the date and time, keep receipts, make only temporary repairs, then call your insurer
