8 · What customers should do

- **Along the San Juan River (Aneth, Montezuma Creek, Bluff, Mexican Hat):** move to higher ground if told to, stay off riverbanks and low-water crossings, and never drive into floodwater or around barricades
- **New Mexico and West Texas today:** park vehicles in a garage or covered lot this afternoon; avoid arroyos and burn scars when storms are nearby
- **Florida and Southeast coast:** move cars to higher ground before each high tide through Tuesday; avoid driving through saltwater, which damages brakes and electronics
- **After hail, wind or flood damage:** photograph roofs, siding, windows and vehicles from several angles before cleanup, note the date and time, keep receipts, make only temporary repairs, then call your insurer
